***"Healthcare Insurance Options  
During Unemployment"***

**Led by Mara Yerow, FACH**  
Director, Children’s Medical Security Plan & Healthy Start Program,  
MassHealth, [Massachusetts Executive Office of Health & Human Services](http://Massachusetts Executive Office of Health & Human Services)

Unemployed and underemployed individuals and families with less financial resources are deciding to "gamble" and forego health insurance, thinking they are healthy. However, unforeseen circumstances do arise – an accident, unexpected illness, etc.

These can prove to be financially devastating and have long-term economic consequences for those encountering these situations. What can your family do to protect yourselves from this crisis occurring?
